#### Zig Zag Mode

**LG Zig Zag** mode is great for large areas with few obstacles, i.e. Bedrooms, bathrooms, etc. The Roboking will move back and forth until it meets an obstacle. After completing, it then returns to the charging station.

#### Easy Out Dust Bin

**Easy Out Dust Bin** - Compared to robotic vacuum cleaners that have a sliding dust bin at the back, the lift-from-the-top dust bin of the ROBOKING™ SQUARE is easy to access which makes emptying a breeze.

#### Low Profile Design

**Low Profile Design** - The low profile design of ROBOKING™ SQUARE allows it to move around smoothly under most furniture.

#### Digital Bumper

**Digital Bumper** - LG Roboking Square features a digital bumper which helps reduce bumping and falling off steps with the intelligence of multiple sensors.
