- FlowSense™
- 7 Drying Programs
- 5 Temperature Levels
- Wrinkle Care Option
- Custom Program

STYLISH DESIGN

- Upfront Electronic Control Panel with LED Display and Dial-A-Cycle™
- White Rimmed Door with Glass
- Stackable with Matching Washer
- Optional Matching Drawer Pedestal

THE LOOKS AND THE BRAINS, TOGETHER.

The leader in smart technology and stylish design introduces a dryer that is just that: smart and stylish. With large capacity, it allows you to dry towers of towels in one load. With beautiful design, you'll want to place it in the living room. And with brilliantly simple features like NeveRust™ Stainless Steel Drum – which makes the dryer resistant to nicks and scratches that can snag fabrics – you will want to bring it home.

Large Capacity

Do laundry a little less often. With 7.1 cubic feet of capacity, this dryer handles really large loads. Saving you time and energy.

Sensor Dry System

What's worse than pulling clothes out of the dryer and finding they're still damp? Our Sensor Dry system measures the moisture levels during the cycle and automatically adjusts the drying time, assuring you get dry laundry every time.

Intelligent Electronic Controls with LED Display and Dial-A-Cycle™

Intuitive controls allow you to 'set it and go'. You can also save your favorite dry cycle by pressing Custom Program. You'll have optimized drying performance with the push of a button.
