YOU DESERVE SOMETHING EXTRA

Sometimes a little more adds up to a lot better. With an extra-large, 3.7 cu. ft. capacity, this washer can fit a bigger load to save you a lot of time. It comes with LG's own 6Motion™ Technology, which customizes washing motions for a wash that leaves clothes a bit cleaner, while being a bit gentler. Plus, our revolutionary Direct Drive Motor makes it so reliable, we back it up with a 10-year warranty. As they say, it's a small step for a washer, but a giant leap for your laundry room.

6MOTION™ Technology
Get your clothes cleaner and help them last longer with revolutionary 6Motion™ Technology. Each wash cycle combines up to 6 different wash motions to provide outstanding cleaning while being gentle on fabrics.

Extra Large Capacity
Towers of towels, piles of sweatshirts, and a mountain of jeans? Go for it. The extra large capacity (3.7 cu.ft.) tub lets you do more laundry in fewer loads. That's time saved and sore backs avoided.

Direct Drive Motor
When you buy a washer, you don't want to worry that it won't last. Because the Direct Drive Motor uses fewer moving parts and operates more efficiently, LG confidently backs the motor with a 10-year warranty.
