French Door Refrigerator

4 Door Refrigerator

Two freezer drawers provide the ultimate in convenience, organization and easy access. The upper EveryDay Freezer drawer provides easy access to those frozen foods you reach for most often. The lower drawer is a separate freezer compartment that lets you store larger items and is great for long-term storage.

Tall Ice & Water Dispensing Center

The redesigned water dispenser is over 12" tall – the upfront tap, retractable pitcher rest, and dual water activation make it easy to fill most shapes and sizes of containers with the safe and clean water you love.

SpacePlus™ Ice System

LG's SpacePlus Ice System is located on the inside door freeing up valuable space in the fresh food shelf compartments.

4 Compartment Crisper System

Our unique design arranges the storage drawers to give you more versatility for organizing your foods and beverages. This refrigerator comes with a full width, temperature-controlled Glide N' Serve™ drawer, twin humidity-controlled crispers, and a bonus drawer that is perfect for perishable fruits and vegetables.
