

Slim LED Monitor **E51 SERIES**

E2351VR / E2351T / E2251T

Introducing a monitor that will transform how you look at your computer. Truly a marvel in the display design, it offers a groundbreaking design and innovative features such as LED back lighting and the picture performance of HD resolution. The E51 LG's latest design innovation, a slimmer profile in a slim panel.

FEATURES

- LED Backlighting
- Full HD 1080p Resolution
- ENERGY STAR® Qualified
- Mega Contrast Ratio
- 5ms Response Time
- 250 cd/m² Brightness
- HDMI™ Input*

LED Backlighting

LG's LED backlighting technology delivers amazing brightness, clarity and color detail. You'll see colors and black levels like you've never seen them before.

Full HD 1080p Resolution

Double the detail. This stunning picture is the reason you wanted HD in the first place. With almost double the pixel resolution, Full HD 1080p gives it superior picture quality over standard resolution.

ENERGY STAR® Qualified

This product meets strict energy efficiency guidelines set by the US Environmental Protection Agency and the Department of Energy. Monitors save energy both in standby and active (when they're on) modes.

* HDMI™ Input not available on all models. Please see reverse side for details.
