- ✓ 730L Capacity
- ✓ Pure N Fresh
- ✓ Dual Evaporator Cooling System
- ✓ Smart Diagnosis™
- ✓ R600a Refrigerant
- ✓ BioShield

### Inverter Linear Compressor

The **LG Inverter Linear Compressor** offers greater control of temperature, with less vibration and less noise than a conventional compressor system.

The **LG 10 Year Parts Warranty** - as this is the heart of your refrigerator we back this with a 10 year parts warranty on the compressor.

\* 2 Years parts and labour + 3 years on sealed refrigeration system (compressor, evaporator, dryer and tubing) parts only + 5 years on compressor (part only)

### Slim In-door Ice and Water

**In-door Ice Maker** - our innovative system is built in the fridge door to give you wide open shelf space whilst still allowing for storage on the door.

**Digital Controls** - Easy to see, easy to use and with a child lock.

**Ice Through Door** - No need to open the freezer for ice. Simply get ice via the dispenser.

### Easy Organisation

**3 Full Width Shelves** - with the Slim In-door ice maker and 3 full-width shelves, you get more usable storage space.

**Cantilevered shelving** - makes the interior as flexible as possible, allowing for even the most awkward of jugs and cakes.

### Pure N Fresh

**LG Pure N Fresh** - is a unique air purification device inside the refrigerator. A fan assisted Carbon Deodoriser actively forces odour filled air through the deodoriser and sends it back across three different shelving levels via the ducting.
