Launch Details

Available: May 2015
RRP^: $899

The ideal projector for the boardroom, small office environment and anywhere when compact size and portability is crucial. Featuring 600 Lumen brightness, High Definition native resolution and DLP high contrast ratio.

The long lasting LED light source runs cooler than a conventional lamp-based projector and can last up to 30,000 hours.

With a 10 second start-up, automatic vertical keystone and manual focus wheel, viewing can begin quickly and conveniently.

Long Lasting LED Light Source

The MiniBeam's LED light source is durable and lasts up to 30,000 hours, that equates to 4 hours use a day for 20 years! With a fast power-up the MiniBeam is ready to use within 10 seconds. The MiniBeam's low heat emission allows you to turn it off and pack it away quickly.

Built-in Speakers

Built-In Speakers

Convenient built-in stereo speakers remove the need for external speakers in small environments.

Versatile Connectivity

The MiniBeam range has versatile connectivity. Watch videos directly from a USB stick on your MiniBeam without the need of a PC. The MiniBeam supports a wide range of file formats, including: DivX HD, MP3, Photo and Microsoft® Office documents. MiniBeam also supports high definition sources such as Blu-ray, game consoles, HDMI and VGA. Conveniently connect compatible Android™ devices via MHL cable (sold separately) to share content from smartphones.
