**View and incredible range of streamed content including:
Netflix, Stan and Amazon Prime Video**

Overview

LG UJ65 Smart UHD/4K TVs provide access to an incredible range of HDR streamed content via webOS 3.5, including Netflix, Stan and Amazon Prime Video.

They also feature the exclusive LG Magic Remote, making it easy to point, click and select your favourite shows.

4K UHD TV

LG 4K UHD offers a breathtaking viewing experience with incredibly crisp imaging, even at close distances.

Smart Remote

With the LG Magic Remote, it's easy to point, click and select your favourite shows.

HDR10- High Dynamic Range

HDR content displays enhanced graduation of contrast in the light and dark areas of an image, while colours gain an extra level of realism.

Smart TV*

LG Smart TV webOS delivers an incredible range of streamed content including Netflix, Stan, Amazon Prime Video and YouTube. Used in conjunction with the LG Magic Remote, it's easy to point, click and select your favourite shows.

* Internet connection & streaming services membership (where applicable) required. Internet usage charges and conditions apply. Freeview Plus uses HbbTV technology which combines broadcast and broadband streaming. Contents and features will vary from time to time without notice. webOS internet browser supports HTML5, VP9 and HEVC.

-----------------	------------------------------------

FURTHER INFORMATION

- 1 Supports HDR10 format, via HDMI, USB and selected streaming services.
- 2 Voice recognition feature is not available in all languages and dialects. Actual performance may vary depending on the language spoken and surrounding environment including ambient noise.
- 3 Dedicated USB Hard Drive (min. 40GB) required for longer recordings and live playback function (sold separately).
- 4 Some brands not supported, check website for details: www.lgappstv.com/appspc/oss/support_lge
- 5 Internet connection required. Internet usage charges and conditions apply. webOS internet browser supports HTML5, VP9 and HEVC.
- 6 FreeviewPlus uses HbbTV technology which combines broadcast and internet streaming. Internet connection is required. Data usage charges and conditions apply.
- 7 Netflix provides content in SD, HD and 4K Ultra HD. Netflix requires a steady internet connection speed of at least 25Mbps to stream 4K Ultra HD content, otherwise content will be downscaled to either HD or SD quality based on the available bandwidth. Speeds of 25Mbps available in limited locations and may vary depending on time of day. Please check with your internet service provider to confirm the bandwidth speed for your connection. Data usage charges apply.
- 8 Miracast compatible Android device required for this feature.
- 9 Intel's WiDi enabled PC must be in range of the TV.
- 10 'LG TV Plus' on compatible Android devices (minimum Android version 4.2) and iOS devices (minimum iOS version 6.1). Device must be in range, on the same Wi-Fi network as the TV.
- 11 Uses Bluetooth® 3.0 technology to send audio to compatible LG home audio products.
- 12 Designed to work with compatible LG Audio only.
- 13 HDMI ports support HDCP 2.2 and 60fps @ 2160p.

All product specifications correct at time of printing. Specifications may change without prior notice. Customers are advised to check with your retailer before purchase.
