LWBC Window Facing Series	
Pixel Pitch	2.60 / 2.98 / 3.91 mm
Brightness	3500 nits
Weight per Cabinet	26.5 lbs / 12.0 kg / Cabinet
Serviceability	Front or Rear
IP Rating	IP5X

### High Visibility In Extremely Bright Environments

With a brightness of 3,500 nits, LWBC clearly delivers content and attracts public attention. Turn your window display up a notch with LWBC series Direct View LED!

Conventional

90° Corner Option Applied

### 90° Corner Design Available

LWBC has a 90° corner option that can be purchased separately. It allows this LED window display to fit naturally into corners and deliver virtually flawless content to customers.

### Front or Rear Installation & Maintenance

The LWBC series cabinets can be accessed from the front or rear for maintenance for added convenience and enhanced installation options.

### Quick Latch & Flip Design

The LWBC is easy to install with its quick latch system, which also helps maintain an outstanding alignment. Because it does not require screws or a screwdriver, the flip design makes it easy to repair and/or replace the integrated power system and receiver card.

### Compatibility with LG Software Solutions

Powered by LG's high performance system controller, the LWBC series is compatible with LG software solutions including SuperSign™ CMS, LED Assistant™, and ConnectedCare™\*, all designed to assist users with their business operations\*\*.

\* The availability of the LG ConnectedCare™ service differs by region, and it needs to be purchased separately. Please contact the LG sales representative in your region for more details. The items that can be monitored by LG ConnectedCare™ include the Main Board (Temperature, Signal Status, FPGA Ver, Ethernet Connection Status), and Receiving Card (Temperature, LED Power).  
 \*\* Actual graphical user interface may vary in different webOS versions. Screen images are simulated for illustrated purposes only.
