F	Depth without Door	29 3/4" (757.5 mm)
G	Depth (Total with Door Open 90°)	58 1/4" (1481.5 mm)

INSTALLATION NOTES

- The installation location chosen for the refrigerator should allow space behind the unit for connections and airflow and space in front to open the doors and drawers.
- Too small of a distance from adjacent items may result in lowered freezing capability and increased electricity consumption charges. Allow at least 2 inches (50.8mm) between the back of the refrigerator and the wall.
