

LG Cloud Device Mobile Thin Client

17/15.6/14-inch Mobile Thin Client

17ZT90R | 15ZT90R | 14ZT90R

- 16:10 WQXGA IPS Display with Anti-glare¹⁾
- 13th Gen Intel® Core™ i3 Processors
- LPDDR5 5200 MHz & Single Slot SSD
- Ultra-Lightweight & Mini Adapter³⁾
- Strong Durability
- Long Battery Life Up to 80 Wh⁴⁾
- TPM 2.0

Performance that Promotes Productivity

13th Gen Intel® Core™ i3 Processors | LPDDR5 5200 MHz & Single Slot SSD | 17-inch WQXGA (2560 x 1600) IPS Display with Anti-glare¹

Designed specifically for cloud computing environments, LG Cloud Mobile Thin Clients empower users to effortlessly handle large workflows²⁾ LG Cloud Device Mobile Thin Clients are equipped with the powerful 13th Generation Intel® Core™ i3 Processors that, when combined with LPDDR5 5200 MHz RAM chip and slot SSD, ensure smooth and efficient multitasking capabilities, whether you are working on complex tasks or managing extensive projects. Additionally, the WQXGA Anti-glare IPS display enhances the visual experience by providing clear and vibrant visuals.

Robust Design, Remarkably Lightweight

Ultra-lightweight³⁾ | Durable Design | 80 Wh Battery⁴⁾

Exceptional portability, making it ideal for on-the-go professionals and travelers. LG Cloud Device Mobile Thin Client retains its core values while keeping you working effortlessly on the move. Its durable design and up to 80 Wh battery keeps users powered during extended periods of use while working on the move or consulting with clients throughout the day.

Protection You Can Rely On

Trust Platform Module (TPM)

Protecting sensitive information is crucial to maintaining the integrity of your business. LG Cloud Device Mobile Thin Client features Trust Platform Module (TPM) technology, an industry-standard integrated crypto-processor and unique fingerprint sensor that protects against unauthorized access to your private information.
