PUSH

Push to Talk (PTT)

Instantly speak with up to 30 people. Create up to 99 PTT contacts and 30 groups and see their availability on screen.

1. From standby mode, short press the gray **PTT Key (on left side)**. The first time you use PTT, you will be asked to initialize it. Select **Yes**.

2. Register a PTT name and select **Save**.

3. Press the **Left Soft Key** for **Menu**, select **Push to Talk (6)**, then select **Add Contact (2)**. Enter a PTT name and number, and select **Save**. (An invitation is sent to the contact.)

4. To start a PTT conversation, first access your PTT contacts with a press of the **PTT Key**.

5. Select a contact from your list. Make sure an available 🙂 icon appears next to the name.

6. Press and **hold** the **PTT Key** while speaking. Release the key to listen.

Taking a Picture

Capture everything around you in vivid detail through the VGA camera with flash. Then share it instantly with friends via multimedia messaging.

1. From standby mode, press the **Camera Key**.

2. Press **left** or **right** on the Navigation Key to adjust brightness and **up** or **down** for zoom*. Press the **Right Soft Key** to adjust image size, self timer, flash and other options.

3. Press ✕ to take the picture.

4. To send your picture, press the **Left Soft Key** for **Send**. Add text to personalize your message, then press ✕ to enter recipients. To choose a contact from your address book, press ✕.

5. Press the **Left Soft Key** to **Send**.

* Default camera setting (640 x 480) does not support zoom function.

Bluetooth®

Talk tangle-free with a Bluetooth enabled headset. Or print photos wirelessly to a Bluetooth printer. No wires. No hassle. All up to 30 feet away.

1. From standby mode, press the **Left Soft Key** for **Menu**, then select **Settings (9)**.

2. Select **Bluetooth (3)**, then **Device List (2)**, and press press ✕.

3. Press the **Left Soft Key** under **New**, then press ✕ to turn on Bluetooth. The phone will now search for Bluetooth enabled devices (in pairing mode) that are within range.

4. Once the Bluetooth device has been found, highlight it and press ✕.

5. Enter the passkey (typically "0000"– 4 zeroes) and press ✕. If you don't know the passkey, consult the user manual of the device you are trying to pair.

6. Press ✕ to connect.

Note: You can save up to 10 Bluetooth pairings.

Instant Messaging

Take the convenience and fun of instant messaging on the go. Use your phone to stay in touch with your IM buddy list when you're away from your computer.

1. Press **right** on the Navigation Key to access IM.

2. Highlight the IM community you want to enter and press ✖.

3. The first time you enter a community, enter your **Screen Name** or **ID** and **Password** and press ✖.

4. Color icons denote contacts that are currently online. Select a name you'd like to chat with and press ✖.

5. Enter your message and press ✖ to send. To end a chat, select **Option,** then **End Conversation (3)**.

Note: When you receive an incoming instant message, a "new message" icon similar to this one 💬 will appear on the screen.

Screens vary by IM community.

Ringtones & Graphics

Get access to exclusive Music Tone ringtones from today's hottest performers. Personalize your phone by downloading your favorite tunes and graphics.

1. From standby mode, press the **Left Soft Key** for **Menu**, then select **Cingular Mall (5)**.

2. Select **Shop Tones (1)** or **Shop Graphics (3)** and press ✖.

3. When your web connection is established, choose a category and press ✖.
