

Release Date: February 6, 2025

LG Recalls Electric Ranges Due to Fire Hazard

Recall Summary

Name of Product: Slide-In and Freestanding Electric Ranges

Hazard: Front-mounted knobs on the recalled ranges can be activated by accidental contact by humans or pets, posing a fire hazard.

Remedy: Repair

Consumers should contact LG for a free warning label and placement instructions. The label reminds consumers to use the Lock Out/Control Lock function on the range control panel to disable activation of the heating elements when the range is not in use.

View the LG instructional video regarding Control Lock/Lock Out feature at <https://vimeo.com/1037322282>.

Consumers are cautioned to keep children and pets away from the knobs, to check the range knobs to ensure they are off before leaving home or going to bed, and to not leave objects on the range when the range is not in use.

Consumer Contact: LG at 800-399-3265 from 9 a.m. to 6 p.m. ET Monday through Friday, email at lgrange.recall@lge.com, or at <https://lgecares.com/rangerecall> and enter your information to request a free warning sticker and instructions on where to place the sticker and how to use the Control Lock or Lock Out feature on their range.

Recall Details

Units: About 500,000

About the U.S. CPSC

The U.S. Consumer Product Safety Commission (CPSC) is charged with protecting the public from unreasonable risk of injury or death associated with the use of thousands of types of consumer products. Deaths, injuries, and property damage from consumer product-related incidents cost the nation more than \$1 trillion annually. CPSC's work to ensure the safety of consumer products has contributed to a decline in the rate of injuries associated with consumer products over the past 50 years.

Federal law prohibits any person from selling products subject to a Commission ordered recall or a voluntary recall undertaken in consultation with the CPSC.
