

LG BRINGS HOME RECORD-SETTING 15 INFOCOMM 2024 AWARDS FOR PRODUCT INNOVATION

Broad range of recognition across product categories and channels underscores LG's ability to provide customers with impactful real-world solutions

LINCOLNSHIRE, Ill., July 1, 2024 — LG Business Solutions received a fifteen awards for product innovation at InfoComm 2024, setting a record for the industry-leading manufacturer and marketer of cutting-edge commercial displays, projectors, notebook computers, medical monitors, robots and electric vehicle charging stations.

Covering a range of vertical market and product categories – from direct-view LED displays and projectors to digital signage screens and EV chargers – LG received awards from AVIXA, the Audiovisual Integrated Experience Association that produces the annual commercial AV trade show, and from seven leading trade media organizations.

“We are honored with the industry recognition for the breakthrough innovations we introduced and demonstrated throughout this year’s InfoComm trade show,” said LG Business Solutions USA’s Head of Marketing Dave Bacher. “Even more meaningful to us was the response we received from our partners and customers across every channel we serve. These awards are a testament to LG’s ongoing commitment to innovate at the highest levels across all product categories for all customers.”

LG brought a show-stopping array of more than 40 innovative commercial digital displays, ad-enabled EV chargers, laptops, projectors, system management software and much more to [InfoComm 2024](#).
