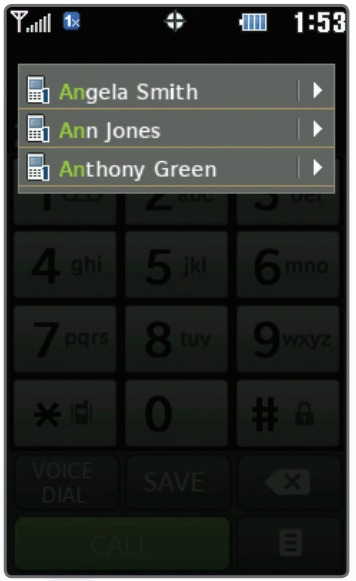
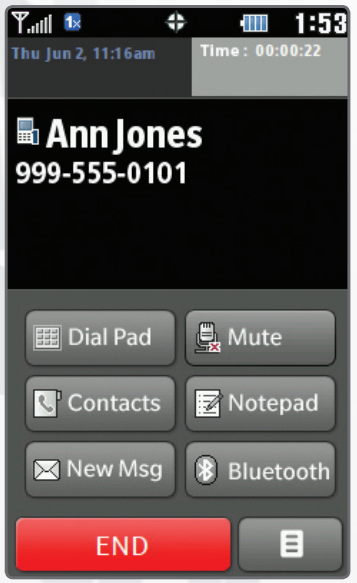
Make a Phone Call

LG Attune's responsive touch screen makes dialing phone numbers quick and easy.

Make a Phone Call

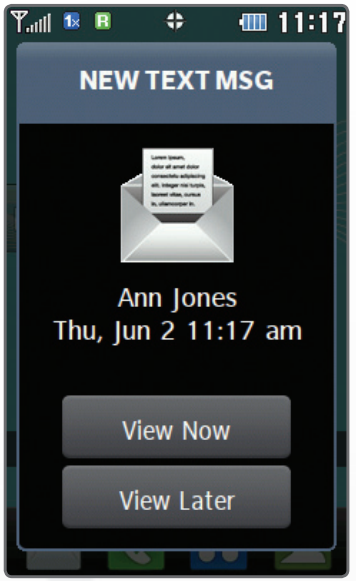
1. From the home screen, tap .
2. Dial the number you want to call or start spelling the name of the desired contact. Tap and you will see a list of contact options.
3. Tap the desired contact to place the call.





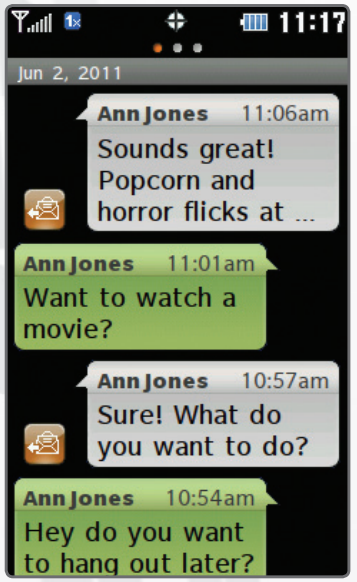
Text Messaging

When you need to communicate quickly and privately, send a text message. Attune features bubble-threaded messaging and chat view to make keeping up with your conversations even easier.



Send a Message

1. From standby mode and with the slide open, press SHIFT.
2. Enter a number in the **To field** or tap to access your contact list.
3. Tap the **Text field** and enter your message.
4. Tap **Send**.



Reply to a Message

1. Your phone will alert you when you receive a new text message. Tap **View Now**.
2. Tap **Chat** to view your message history with that contact. Otherwise, tap **Reply**.
3. Enter a message and tap **Send**.

Bubble-Threaded Messaging

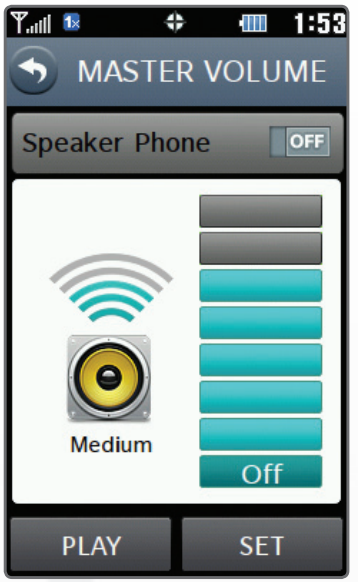
1. From standby mode, swipe right on the screen to move left to the Messaging home screen.
2. Tap a bubble to view the full message and reply.
3. Tap **Reply**.
4. Enter a message and tap **Send**.

Adjust Volume/Ringtone Settings

Customize your phone by changing ringtones and alert sounds—you can even use your own voice memos for another personal touch!

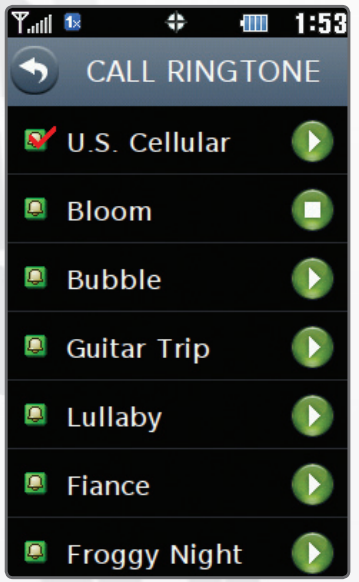
Adjust Volume

1. From standby mode, press up or down on the **Volume Keys** to bring up the Master Volume screen.
2. Press up or down on the **Volume Keys** or tap the desired sound level to adjust the volume. Tap **Off** to silence all sounds.
3. Tap **Set**.



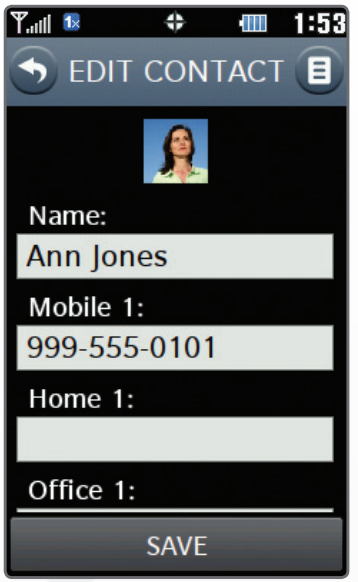
Change Ringtone and Sounds

1. From standby mode, tap .
2. Tap **Settings** and then tap **Sounds Settings**.
3. Tap **Call Sounds**.
4. Tap **Call Ringtone** to view a list of ringtones.
5. Tap to preview a ringtone. Tap a ringtone to select it.
6. To adjust alert sounds, tap **Alert Sounds** in the Sound Settings menu, select an event type, and then tap **Sound**.



Manage Contacts

With room for up to 1,000* contacts, Attune has plenty of space for your numbers and email addresses. Back up your contacts with My Contacts Backup in case your phone is ever lost or stolen.

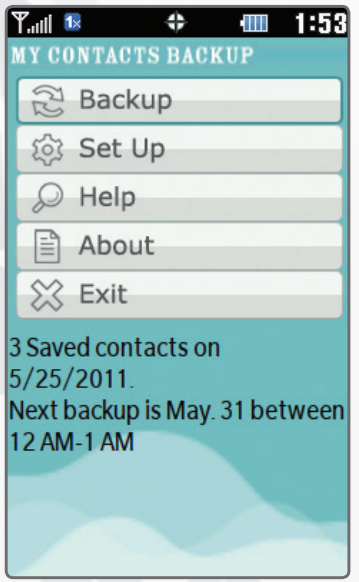


Add a Contact

1. From standby mode, tap .
2. Tap **New**.
3. Enter the contact's information and then tap **Save**.

Edit a Contact

1. From the home screen, tap .
2. Tap a contact name.
3. Tap **Edit**.
4. Make the desired changes and then tap **Save**.



Back Up Contacts

1. From the home screen, tap > > **My Contacts Backup**.
2. Read the terms and conditions and tap **Yes**.
3. Enter a PIN that will be easy for you to remember—you'll need it later to manage your account online.
4. Tap **OK** twice and then tap **Yes** to back up your contacts.

*Depends on available memory.

Add Favorite Contacts

Add up to 11 of your favorite contacts or groups for fast calling and messaging.

1. From standby mode, swipe left to move right to the Favorites home screen. Tap **Add**.
2. You may add a contact or a group. Tap the desired option and then tap the desired contact or group.
3. Tap **Done**.
4. Tap the favorite to bring up messaging and calling options.
   - Tap to view message history.
   - Tap to begin a new text or picture message.
   - Tap to view or edit contact information.
   - Tap to call the contact.

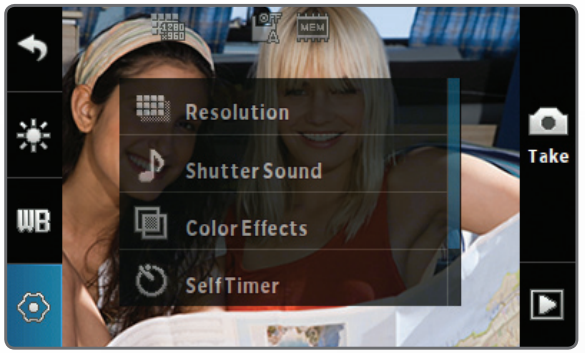
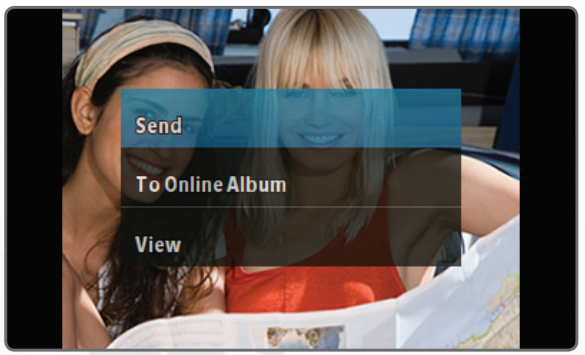
Take a Picture

Capture life as it happens with Attune's 1.3 megapixel camera, then send your photos to your friends.

1. From standby mode, press and hold the [camera key].
2. Rotate your phone to a horizontal position for a real camera feel.
3. You may adjust settings such as white balance and brightness. When you're ready, press the [camera key] or tap [camera] to take the picture.
4. From here you may choose to view the photo, send it to a friend, or upload it to your online album. Tap **Send**.
5. Enter the recipient's number or tap [contacts] to select a contact.
6. Tap the **Text field** to enter a message or tap [>] to add another picture to your message.
7. Tap **Send**.





Browse the Web

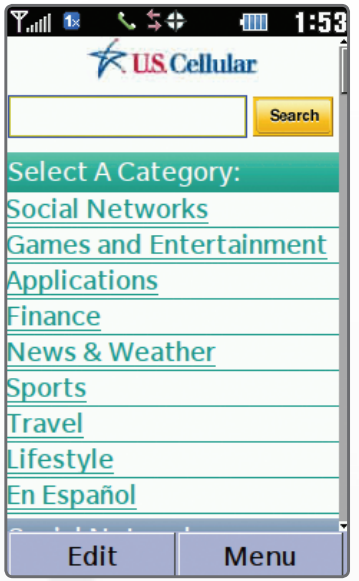
Surf the Internet and bookmark web addresses for quick access to your favorite sites.

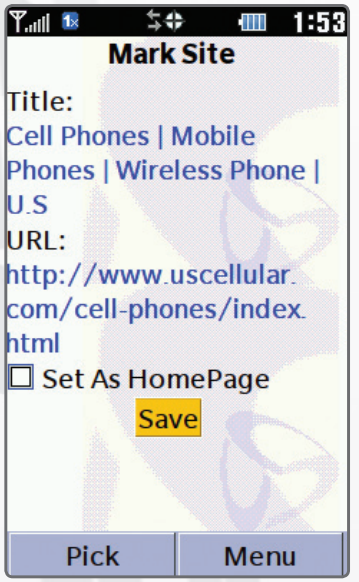
Browse the Web

1. From standby mode, tap > .
2. Tap **Launch** > **Yes**.
3. Tap **Menu** > **Go to URL**.
4. Tap the **URL field**, enter a web address, and tap **Done**.
5. Tap **Go**.
6. To bookmark the site, tap **Menu** > **Bookmarks**.
7. Tap **Go** > **Save** to add the site as a bookmark.

End Web Session

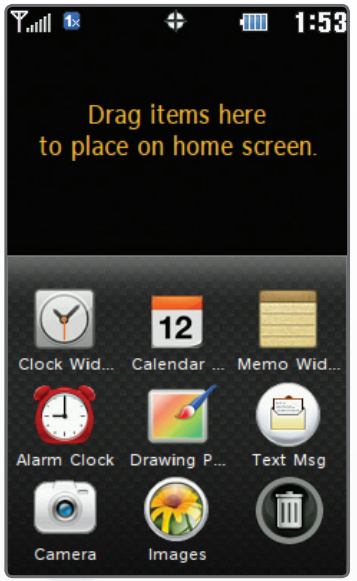
1. To exit the browser, press the .





Customize Your Phone

Personalize your Attune by adding helpful widgets to the main home screen and changing the wallpaper.



Add a Widget

1. From standby mode, tap .
2. Press and drag a widget to the top of the home screen and then tap the top of the screen.
3. Press and drag the widget to the desired position on the home screen. To remove a widget, press and drag it to .

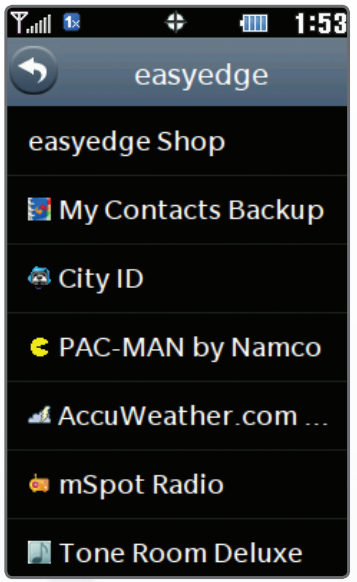
Change Wallpaper

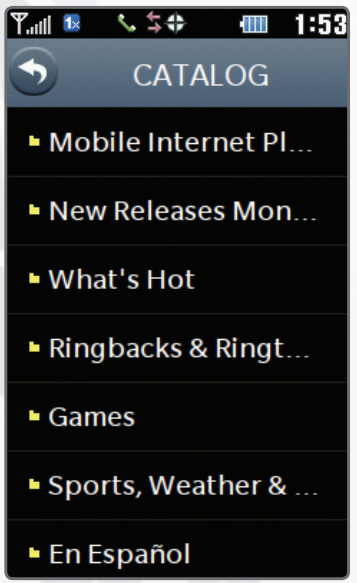
1. From standby mode, tap > **Settings** > **Display Settings**.
2. Tap **Wallpaper**.
3. Tap the image you'd like to use.
4. You may resize photos you've taken by tapping **Adjust**. Default images are already sized to fit as wallpaper.
5. Tap **Set**.

Download an App

Download ringtones, apps, games, and wallpaper via **easy**edge.SM

1. From standby mode, tap .
2. Tap .
3. Tap **easyedge Shop**.
4. From here you can choose to browse the catalog, search for apps, or learn more about **easy**edge. Tap **Catalog**.
5. Tap a category and follow the prompts to purchase content.

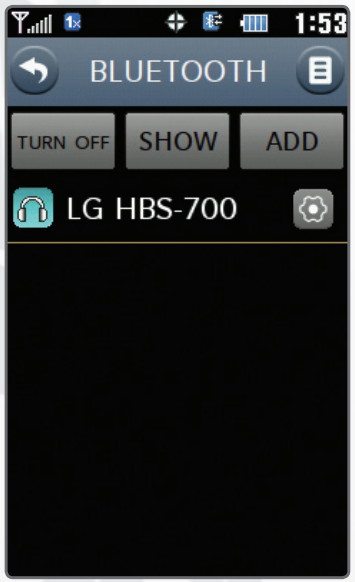




Use *Bluetooth*®

Connect to headsets, computers, and more via *Bluetooth* wireless technology.

1. Place the *Bluetooth* device you wish to pair with in pairing mode.* From standby mode, tap > **Settings**.
2. Tap **Bluetooth** > **Add**.
3. If *Bluetooth* power is off, tap **Yes** to turn it on.
4. Tap **Start**.
5. Tap the name of the device you wish to pair with.*
6. Tap **Yes** to connect to the device.



*Refer to your *Bluetooth* device's user guide for information about initiating pairing mode and the passcode if asked (typically "0000" – four zeroes).

Note: *Bluetooth* accessories sold separately.
