

Your world will come alive in glasses-free 3D on the hyper-amped LG Thrill™ 4G. Its dual-core/dual-channel processor powers a lightning-fast, PC-like experience for 3D viewing, recording, and gaming on a 4.3" touch display. This revolutionary Android smartphone provides a visual experience you have to see to believe.

LG Electronics, Inc. is a global technology powerhouse in consumer electronics, mobile communications, and home appliances. Starting with a single factory in Seoul, LGE now has 34 R&D centers, 84 subsidiaries, 115 global operations, \$43 billion in revenue, and over 84,000 employees worldwide. Whether it's a breakthrough innovation, or refining an existing mobile phone, each time we ask ourselves the same questions: Will this make someone's life better? Richer? More convenient?

LG Electronics MobileComm, U.S.A., Inc. is a leading global communications company with five regional offices in the U.S. and headquarters in San Diego, CA.

*Upgrade date yet to be determined.

GLASSES-FREE 3D ACROSS 4G. LG Thrill™ 4G brings an extra dimension to Android superphones. Capture and view HD 3D videos and 3D photos with the 5 MP camera and camcorder. Share them on YouTube™ 3D, or access games, movies, and videos there for even more fun.

DUAL-CORE/DUAL-CHANNEL SPEED. Supercharged and ultra quick, Thrill reacts like a laptop. A high-speed processor powers high-resolution content on the 4.3" touch screen.

STREAM LIKE A DREAM. Share your phone's content wirelessly with any DLNA®-enabled device—or via HDMI cable*—for maximum viewing. You can also connect and share over the air via 4G, Wi-Fi® and Bluetooth®.

*HDMI cable included.

HIGHER MULTIMEDIA STANDARDS. Thrill supports DivX® video playback, H.263, H.264, and MPEG4 video and seven different audio formats. Listen in full stereo.

RAISE YOUR APP-TITUDE. Enjoy pre-loaded apps like Google Maps™ Navigation, Twitter®, LiveTV, and Amazon Kindle™. Or browse the 150,000+ apps on Android Market™ to find the productivity tools and play things you need.
