

LG500G

EFFORTLESS BY DESIGN SOPHISTICATED BY STYLE

“What I want in a phone has little to do with cutting edge technology, and everything to do with convenience. For me, it's the-easier-the-better when it comes to new devices, so I'm always on the lookout for something compact, good looking and not tricky to learn. But, I also want something that isn't totally bottom of the line, I want to snap a picture or send a text if I need to! That's why the LG500G caught my eye, with its full QWERTY keyboard, 1.3 MP camera, pocket-sized stature and straightforward features, it's a dream come true, for me.”

CAMERA

- 1.3 Megapixel Camera
