2.1 channel audio

2.1-channel audio takes your movies, TV shows and music beyond traditional stereo with the added bass kick of a dedicated subwoofer, imparting greater sonic power.

Auto Sound Engine

Because audio that's too high or too low can be unpleasant, sound bars with LG Auto Sound Engine provide clear, full-range sound and superior clarity at any listening level.

Bluetooth Standby

Now you can power on your compatible LG sound bar, SoundPlate or portable or mini Bluetooth speaker by simply establishing the wireless connection. Seamlessly play your music in seconds, with room-filling sound, without ever touching the speaker.
