CONVENIENCE

- Heavy-Duty Gliding Rack, Split Rack, and Full Racks with 7 positions
- GoCook™ Oven Light
- 12 Hr Automatic Shut Off
- Self-Cleaning

LG STUDIO

LSES302ST

EXTRA LARGE CAPACITY With one of the largest oven capacities available, at 5.4 cu. ft., LG's ranges provide more space for cooking large meals for families.

DUAL TRUE CONVECTION Two fans combined with two built-in heating elements provide 30% faster preheat time* with the added benefits of even heat distribution for overall uniform baking and roasting.

- **Convection Bake** provides more even heat distribution and results when baking simultaneously on multiple racks.
- **Convection Roast** is great for large, tender cuts of meat because heat circulates more evenly around all sides for thorough cooking.

BRILLIANT BLUE INTERIOR Every LG electric range boasts an elegant brilliant blue interior cavity for an added touch of sophistication.

AWARD WINNING STYLE AND DESIGN Combined with stylish controls and the signature LG design, this electric slide-in style range is a perfect fit for the aesthetically conscious consumer.

* Based on testing results comparing a standard LG convection range to the dual convection range (325°F) mode.

INSTALLATION REFERENCE

TYPE

Type	Electric Slide-In
Oven/Cooktop	SmoothTouch™/Knobs

FEATURES
