OVERVIEW

This super sleek sound bar will look great and take your movies, music, and entertainment to a whole new level. Hear wide, spacious sound from just one slim speaker and wireless subwoofer. With Bluetooth®, you can easily hear music from your compatible smartphone or tablet through your sound bar. Great Sound Small Package.

HIGHLIGHTS

4.1 CHANNEL AUDIO

Make all of your movies and music come alive as never before, with 4.1-channel sound. An ideal premium audio solution for compact spaces, these four specially engineered speakers plus subwoofer create a thrilling virtual surround effect from a single cabinet.

WIRELESS SUBWOOFER

Add sharp sonic kick and thunderous power to all of your entertainment with our wireless subwoofer. It's easy to set up, and you won't need to run a wire to connect it to your audio system.

3D SURROUND PROCESSOR

Put yourself in the middle of all the action with LG's onboard 3D Surround Processor, which creates a room-filling surround sound experience for movies, TV shows and more.
